

# THE LISTED BUILDINGS OF NORTH WEST LEICESTERSHIRE

## LISTED BUILDINGS

The statutory list of buildings of architectural or historic interest for the District comprises five volumes (or 'Greenbacks') which were published on the following dates:-

13th List -	29 September 1977
28th List -	1 September 1983
29th List -	31 October 1983
31st List -	20 December 1983
40th List -	16 January 1989

This gazetteer lists the listed buildings within the District by settlement and parish. Unless otherwise stated the buildings are Grade II listed. It should be noted that some changes have been made to the lists following their original publication and a number of buildings have been added to the statutory lists (ie 'spot listed'), some have been upgraded in status to Grade II\* from Grade II, and two buildings; the lodge to Rotherwood, Tamworth Road, Ashby de la Zouch and the Wall and Gates at the former Railway Station, Station Road, Ashby de la Zouch; have been removed altogether from the list (A summary of all alterations to the statutory list, and the date of the last update of this document, are contained in the Appendix at the end of this index).

**It should be noted that some names and/or numbers of properties included on the List of Buildings of Special Architectural or Historic Interest have been altered since the publication of the lists. Where the District Council has been made aware of such occurrences these are identified in bold following the relevant list entry in the index. Further, it should be noted in some cases properties have been sub-divided and have accordingly acquired new names/numbers and that some properties (NOT included themselves within the index) may have listed status as a result of being - or having been - within the curtilage of a principal listed building at the time of a listing. Therefore, it is emphasised that this index should only be used as a guide and should there be any doubt whatsoever as to whether a property has listed status clarification on the matter should be sought from the District Council. Such clarification is important as any works carried out to a listed building without the necessary consent from the local planning authority represent a criminal offence.**

## INDEX OF LISTED BUILDINGS BY SETTLEMENT/PARISH/VOLUME

VILLAGE/TOWN	PARISH	LIST NO
Acresford	Oakthorpe & Donisthorpe	31 <sup>st</sup>
